-----------------	----------	-----	---------	----------------------	-----------------	----------------------

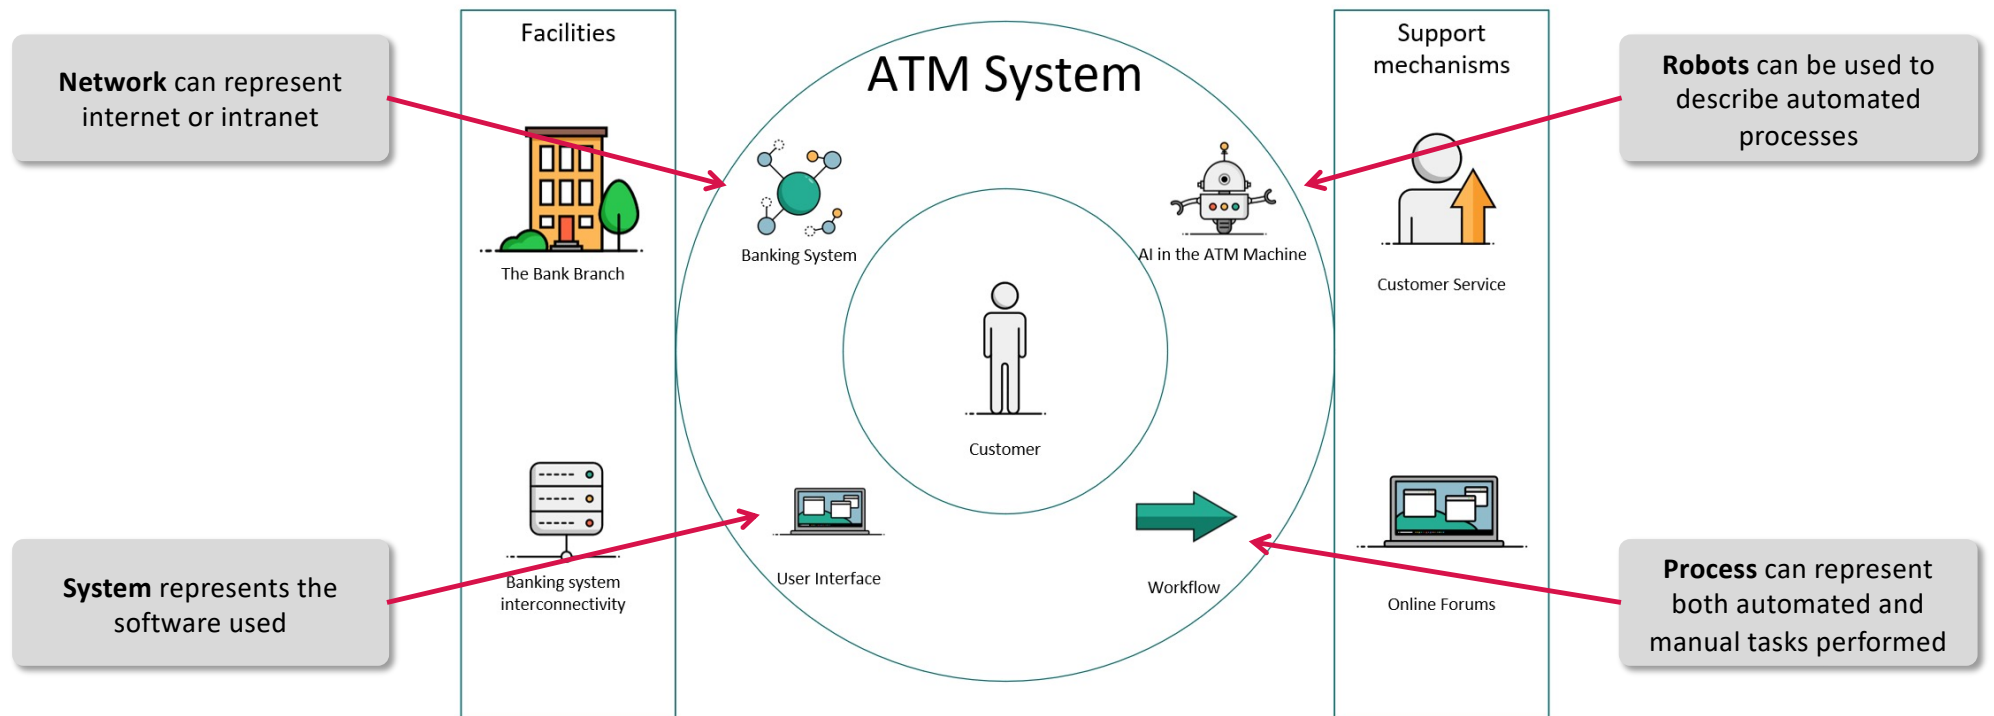

Ecosystem Map - definitions

Customer Ecosystem - example 1

Ecosystem Model	VERSION:	1.0	AUTHOR:	29/07/2019 by Author	VERSION AUTHOR:	29/07/2019 by Author
-----------------	----------	-----	---------	----------------------	-----------------	----------------------

End result

- By using ecosystem maps, models can illustrate focal points in a consumable manner
- The icons can be used to create a better understanding of the elements used by customers or users
- Relationships can be drawn using connectors, or illustrated through circles and boxes
- Content is mapped to TOGAF/ArchiMate, reusing content from iServer
